Brazilian Lemonade

Lemonade - Brazilian style! It's like a lemonade smoothie.

- 4 Brazilian lemons (or 4 regular lemons). Wash thoroughly, we'll be blending the entire fruit!
- 6 cups of fresh water.
- 1 cup of granulated sugar.
- 1/2 cup sweetened condensed milk.
- 12 ice cubes

Divide all ingredients in half. Cut off ends and then cut each into 8 wedges.

Put half of the ingredients in blender for 30 seconds only. Strain and discard peel. Pour liquid into a pitcher.

Repeat by blending other half of ingredients. Strain and then pour into pitcher to combine with first batch. Mix thoroughly and serve with ice cubes.
